

15th - 17th April 2009
Prague Letňany Exhibition Centre

Nomenclature of the Trade Fair

FOR INDUSTRY

Binding Application for Participation of the Firm

1, 1a

Order of Catalogue Records, Registration of Other Firms - Co-exhibitors and Order of Full-page Advertisement

2, 2a

Binding Application of Technical Services

3, 3a

Order of Individually Designed Stands for Indoor Premises from the Octanorm System

4

Order of Technical Implementation of the Stand, Furniture and other Equipment

4a

Order of Type Stands for Indoor Premises

5, 5a

Application Form to be fill in through your computer can be found at: www.forindustry/order/

FOR INDUSTRY

NOMENCLATURE

8th International trade fair of engineering technologies

- 1. Machines, automation equipment and machining and forming technologies**
 - 1.1. Machining and forming**
 - 1.1.1. Lathes
 - 1.1.2. Milling machines
 - 1.1.3. Drilling machines
 - 1.1.4. Boring machines
 - 1.1.5. Grinding machines
 - 1.1.6. Gear cutting machines
 - 1.1.7. Tool sharpeners
 - 1.1.8. Electrospark erosion machines
 - 1.1.9. CNC Machining machines
 - 1.1.10. Machining center
 - 1.1.11. Machines for metal-sheet forming
 - 1.1.12. Machines for bulk forming
 - 1.1.13. Punching presses
 - 1.1.14. Special presses
 - 1.1.15. CNC Forming machines
 - 1.1.16. Forming centres
 - 1.1.17. Single-purpose machine tools and forming machines
 - 1.1.18. Automatic lines and robotized workplaces
 - 1.1.19. Machines and equipment for other special technologies
 - 1.1.20. Control systems
 - 1.2. Welding, soldering/brazing and gluing**
 - 1.2.1. Machines and equipment for electric arc welding and surfacing
 - 1.2.2. Machines and equipment for flame welding and surfacing
 - 1.2.3. Machines and equipment for electric resistance welding
 - 1.2.4. Machines and equipment for pressure welding
 - 1.2.5. Physical welding methods
 - 1.2.6. Tools and fixture for welding
 - 1.2.7. Components and materials for welding
 - 1.2.8. Welding robots, manipulators and robotized workplaces
 - 1.2.9. Filtration and exhaust (suction) equipment
 - 1.2.10. Protective aids for welding
 - 1.2.11. Machines and equipment for special welding and surfacing technologies
 - 1.2.12. Soldering/brazing technology
 - 1.2.13. Gluing technology
 - 1.3. Cutting**
 - 1.3.1. Band, frame, circular and friction saws
 - 1.3.2. Filing machines
 - 1.3.3. Grinding machines
 - 1.3.4. Thermal cutting (oxygen, plasma, laser, electron beam, wire cutting)
 - 1.3.5. Water jet cutting
 - 1.3.6. Other types of cutting machines
 - 1.3.7. Machines and equipment for special cutting technologies
 - 1.4. Metallurgy**
 - 1.4.1. Equipment for production of pig-iron (blast furnaces, coke-oven plants, auxiliary equipment)
 - 1.4.2. Equipment of steel works (furnaces, continuous casting, electro slag recasting, forming machines)
 - 1.4.3. Equipment of rolling and drawing mills
 - 1.4.4. Equipment for production of non-ferrous metals (Al, Cu...)
 - 1.4.5. Heat treatment of metals
 - 1.4.6. Machines for die and precision casting
 - 1.4.7. Patterns and moulds for casting production
 - 1.4.8. Lining, metallurgical ceramics
 - 1.4.9. Raw materials and materials for production of castings
 - 1.4.10. Automatic lines and robotized metallurgical workplaces
 - 1.4.11. Machines and equipment for other metal-processing technologies
 - 1.5. Processing of industrial plastics and rubbers**
 - 1.5.1. Machines for production of blends
 - 1.5.2. Rolling machines
 - 1.5.3. Extruders
 - 1.5.4. Presses
 - 1.5.5. Injection moulding machines
 - 1.5.6. Blow moulding machines
 - 1.5.7. Forming machines
 - 1.5.8. Machine tools
 - 1.5.9. Welding machines and aids
 - 1.5.10. Trimming machines
 - 1.5.11. Metal-coating equipment
 - 1.5.12. Rapid prototyping machines
 - 1.6. Surface treatment**
 - 1.7. Production of tools and moulds**
 - 1.8. Laser technologies**
 - 1.9. Marking, identification, screening techniques**
 - 1.10. Automatic production systems and technological workplaces**
 - 1.11. Industrial robots and manipulators**
 - 1.12. Operating robots**
 - 1.13. Machinery and equipment for chemical production**
 - 1.14. Accessories and equipment for machinery**
 - 1.15. Equipment of workshops, industrial furniture for workshops and plants**
 - 1.16. Industrial washing and cleaning**
 - 1.17. Protective means and aids**
 - 1.18. Protection of working and living environment**
- 2. Tools and implements**
 - 2.1. Metal-cutting tools
 - 2.2. Forming tools
 - 2.3. Cutting tools
 - 2.4. Abrasive tools and jigs
 - 2.5. Measuring tools
 - 2.6. Assembly tools and implements
 - 2.7. Clamping tools and implements
 - 2.8. Manual and mechanized tools and implements
 - 2.9. Special tools and implements
 - 2.10. Tools for industrial robots
 - 2.11. Tooling systems
- 3. Materials, components and sub-deliveries**
 - 3.1. Metallurgical materials and semifinished products
 - 3.2. Forgings, mouldings, castings, workpieces
 - 3.3. Metallic structures and construction elements
 - 3.4. Non-ferrous metals
 - 3.5. Advanced and untraditional materials
 - 3.6. Semifinished plastic products (plates, rods, pipes, hoses, profiles and others)
 - 3.7. Semifinished rubber products (plates, hoses, sections and others)
 - 3.8. Industrial plastics and rubbers
 - 3.9. Technical glass and ceramics

FOR INDUSTRY

- 3.10. Technical fabrics, cork, leather
- 3.11. Jointing materials
- 3.12. Bearings
- 3.13. Sealings
- 3.14. Gearings, gear wheels
- 3.15. Couplings and brakes
- 3.16. Springs and resilient elements
- 3.17. Shafts and pins
- 3.18. Chains and chain wheels
- 3.19. Belts and belt gearing
- 3.20. Motors and drives
- 3.21. Pumps
- 3.22. Compressors and vacuum pumps
- 3.23. Adjustment and control technologies
- 3.24. Lubricating units and devices
- 3.25. Valves and fittings
- 3.26. Piping, tanks, tubs
- 3.27. Heating, ventilation, refrigeration, air conditioning systems
- 3.28. Filters
- 3.29. Chemical products and semifinished products
- 3.30. Materials and additives for chemical production
- 3.31. Industrial liquids and technical gases
- 3.32. Subdeliveries from other fields

4. Pneumatic components and systems

5. Hydraulic components and systems

6. Metrology, testing and laboratory technology

- 6.1. Scales and weighing technology
- 6.2. Measurement and checking of geometrical parameters
- 6.3. Measurement and checking of mechanical parameters
- 6.4. Measurement and checking of physical parameters
- 6.5. Clocking devices
- 6.6. Measuring of temperature and temperature parameters
- 6.7. Measurement of electrical parameters
- 6.8. Measurement and checking of optical parameters
- 6.9. Measurement of chemical parameters
- 6.10. Devices and equipment for process checking and control
- 6.11. Diagnostics
- 6.12. Analysis
- 6.13. Destructive and nondestructive material testing
- 6.14. Laboratory equipment, accessories and aids
- 6.15. Laboratory data systems
- 6.16. Calibration laboratories and certified testing authorities

7. Manufacture and subdeliveries for automotive industry

- 7.1. Manufacturing machinery and equipment
- 7.2. Manufacturing tools and implements
- 7.3. Production and assembly lines, automation, robotization and manipulation
- 7.4. Manufacture of moulds, forging and pressing
- 7.5. Metallurgical plants and heat treatment
- 7.6. Machining
- 7.7. Welding
- 7.8. Joining
- 7.9. Surface treatment
- 7.10. Engine and gearbox components, braking systems, belt and chain drives
- 7.11. Plastic and technical rubber components
- 7.12. Electrical accessories and electronics
- 7.13. Safety and other stabilizing elements
- 7.14. Other components and materials
- 7.15. Measuring, testing and diagnostics
- 7.16. Development, application, design and information technology

8. Assembly machinery and equipment

9. Handling technologies and equipment

10. Storage, storage systems and technologies

11. Industrial and transportation package, customized package

12. Refurbished machines and equipment

13. Offer of production capacity, cooperation

14. Services, professional organizations and education

- 14.1. Information technologies in professional fields
- 14.2. Research, development, application
- 14.3. Professional associations, unions and organizations
- 14.4. Professional educational system
- 14.5. Professional literature, press
- 14.6. Professional websites
- 14.7. Projects and construction of new plants
- 14.8. Industrial plants, building sites, offices
- 14.9. Service organizations
- 14.10. Industrial design
- 14.11. Marketing and production
- 14.12. Advertising and promotion services
- 14.13. Professional courses, consulting and education
- 14.14. Financial services

Binding Application for Company Participation

FOR INDUSTRY

Prague, April 15-17, 2009
Prague Letňany Exhibition Centre

only for internal purposes

Registration no: _____ Date _____

**The Closing Date for Binding Applications is:
1st deadline: October 31, 2008; 2nd deadline: February 10, 2009**

Commercial name of company _____ Country _____
Address: Street _____ Town _____ Postal Code _____
Telephone, incl. prefix _____ Fax _____
Contact person _____ Telephone _____ Fax number _____
Mobile Telephone _____ e-mail _____
Director (incl. full title) _____
DIČ _____ IČ _____ Bank connection _____

(DIČ - Tax Registration Number; IČ - Administrative Identification Number)

If the Exhibitor files their Application through an advertising - implementing agency, state that firm - all the correspondence and invoices will be sent to their address in the case of stating the DIČ and IČ data. This part can be used also if you want the materials (invoices if you state the DIČ and IČ data) to be sent at any address other than the one specified above.

We order the exhibition area at the Trade Fair - **please state the nomenclature number and field for location!**
FOR INDUSTRY 2009

nomenclature number field in words _____

Indoor exhibition area (the minimum area to lease being 3 sq. m)	sq. m	length x depth	Price in CZK/sq. m			Total price
			to 31. 10. 2008	to 10. 2. 2009	from 11. 2. 2009	
location in a row to 29 sq. m			CZK 2,000	CZK 2,500	CZK 2,800	
30-59 sq. m			CZK 1,900	CZK 2,400	CZK 2,700	
60-99 sq. m			CZK 1,800	CZK 2,300	CZK 2,600	
100-129 sq. m			CZK 1,700	CZK 2,200	CZK 2,500	
130-159 sq. m			CZK 1,600	CZK 2,100	CZK 2,400	
160-199 sq. m			CZK 1,500	CZK 2,000	CZK 2,300	
200 sq. m and more			CZK 1,400	CZK 1,900	CZK 2,200	
on the main corridor (from 60 sq. m.)		extra pay 20%	YES <input type="checkbox"/>	NO <input type="checkbox"/>		
corner		extra pay 30%	YES <input type="checkbox"/>	NO <input type="checkbox"/>		
U-shape (from 60 sq. m.)		extra pay 40%	YES <input type="checkbox"/>	NO <input type="checkbox"/>		
Island (from 80 sq. m.)		extra pay 50%	YES <input type="checkbox"/>	NO <input type="checkbox"/>		
Registration exhibitor fee						CZK 3,500
Co- exhibitor's registration fee						CZK 3,500 for each co-exhibitor
Obligatory insurance of exhibitors						CZK 800
Total						
Required height of stand above 3 m		YES <input type="checkbox"/>	NO <input type="checkbox"/>		height:	m
Load of stand over 1 000 kg/sq.m		YES <input type="checkbox"/>	NO <input type="checkbox"/>		load:	kg/sq. m
Other demands for installation, operation and transport of exhibits - machinery:						

The Exhibitors are obliged to ensure implementation of the rear wall of their exposition.

After the receiving of your Binding Application we will send you an advance invoice for the area leased and after its payment you will receive the raster of the Trade Fairs with the marking of the location of your area.

We hereby declare that we have made ourselves familiar and agree without reservations with ABF, a.s. Business Terms and Conditions for Participation of Exhibitors at the FOR INDUSTRY 2009 Trade Fair, which form an integral part of this Application. We undertake to settle all the advance payment invoices and the final invoice, including VAT, within their due terms.

place, date

stamp, signature

Article 1. - Participation of Exhibitors at the Trade Fair and assignment of areas

The basic precondition for the participation at the Trade Fair is the delivery of the properly completed Binding Application to ABF, a.s. (hereinafter referred to as ABF only) by the closing date. After the receiving of the Binding Application, ABF will send to the Exhibitor a confirmation of its receipt and an advance invoice for the exhibition area ordered, registration fee and technical services. The settlement of the advance invoice is a condition precedent for the handover of the exhibition area. The final invoice, with the subtraction of advance payments, will only be sent after the end of the Trade Fair.

ABF reserves the right to reduce the ordered area, to change its shape and location - the order of the participation is binding for the Exhibitor also in this case.

The advance invoice for the ordered services will be sent before the beginning of the Trade Fair and its settlement will be a precondition for the beginning of the assembly of the exposition. The final invoice including VAT and deduction of advances will only be sent after the finishing of the Trade Fair.

If the confirmed area is not available to the Exhibitor for reasons caused by the Organiser of the Trade Fair, the Exhibitor is entitled to the reimbursement of the lease charge paid. The Organiser will not accept and will not indemnify any claims for damages which the Exhibitor could have incurred for this reason.

Article 2. - Terms of payment

All prices are stated without VAT.

2.1 The basic price of the lease and the Registration Fee include:

- Rental for the area during the assembly, Trade Fair and dismantling
- Insertion into the Trade Fair Catalogue to the extent of data stated in the Order of Registration into the Catalogue (see page 2)
- Insertion into the orientation system of the Trade Fair
- Five Exhibitor's Cards for the firms with an ordered area up to 30 m²
- One Exhibitor's Card for every 10 m² commenced (including a part of this area) exceeding the area of 30 m²
- Assembly/Dismantling Cards for the Implementation Teams
- Cards for free vehicle entries into the area during the assembly and dismantling works (during the assembly and disassembly the parking time in the area is limited - the vehicle entry cards are provided against depositing a security)
- Trade Fair Catalogue, printed version

2.2 The basic price of the lease and the Registration Fee do not include:

- External walls of the stand, nor any other equipment of the stand, nor the walls of the neighbouring stands.

For each of the other firms which the Exhibitors will present in their expositions (by the presentation of exhibits, with an advertisement panel, company logo, commercial name, folders, video programmes, etc.) the Exhibitor is obliged to pay the Co-exhibitor's Registration Fee. The firm properly registered in this way will be presented in the Trade Fair Catalogue to the full extent as the Exhibitor. **In the case of any breach of this principle, the Exhibitor will be obliged to pay the Co-exhibitor's registration Fee in a double amount during the Trade Fair.**

- Other records about the firm - i.e. branch offices, divisions, business representations, etc.

2.3 Cancellation Conditions

50 % of the total amount invoiced, on the cancellation of the Binding Application in the term by November 30, 2008

100 % of the total amount invoiced, on the cancellation of the Binding Application in the term from December 1, 2008 to the beginning of the Trade Fair

2.4 The Registration Fees shall be forfeited in full amount, regardless of the term of the cancellation of the Binding Application.

2.5 All prices are stated without VAT.

Article 3. - Exhibition area

3.1 ABF leases:

- indoor exhibition area without any equipment, with possible power supply, water pipeline, sewerage, telephone and cleaning facilities on the basis of the Application.

3.2 If the exhibiting firm itself does not provide for the stand or if it does not order its erection by ABF, it will have only the ordered exhibition area without borders at its disposal. The architectural concept in the exhibition halls counts on the implementation of the classical rectangular exhibition raster, within which the following exhibition areas will be available:

- row areas with a free front side
- corner areas with two open sides - along which the visitors walk
- U-shape (front) areas with three open sides - along which the visitors walk
- island areas where all of the four sides are free.

Article 4. - Safety

The Exhibitors are not allowed to store or use in their expositions or in the territory of the Exhibition Centre any combustible and radioactive substances, exploding materials, acids, poisons and other health harming substances. The Exhibitors are obliged to observe the technical, fire and safety regulations which are in force. At the Exhibition Centre, ABF is not responsible towards the Exhibitors and their Co-exhibitors, or their assembly firms, for any losses, destruction or any damage concerning the exhibits, equipment and outfit of the stands, goods, packages, packing materials whatsoever, whether the loss, destruction or other damage occurred during the assembly, transportation or during the Trade Fair.

Article 5. - Insurance

From 2006 onwards, the insurance of expositions during Trade Fairs is arranged for automatically within the framework of the services provided by ABF, a.s., **at a lump-sum advantageous price of CZK 800** (without VAT). The insurance will apply for all the time of Trade Fairs, including assembly and dismantling.

Information about the extent of the insurance policies agreed upon:

- Material damage insurance - in the widest possible extent, indemnification limit: CZK 5 million, deductible CZK 5,000
- Theft risk insurance (theft, robbery), indemnification limit: CZK 1 million, deductible CZK 5,000
- Simple theft insurance, indemnification limit: CZK 100,000, deductible CZK 5,000
- Third party liability insurance, indemnification limit: CZK 1 million, deductible CZK 1,000

Insurance terms and conditions relating to the types of insurance agreed upon:

- General Terms and Conditions for Property Insurance (VPPM 1/05)
- General Terms and Conditions for Damage Liability Insurance (VPP OD 1/05)
- Complementary Terms and Conditions for Insurance of Exhibitions and Damage Liability Insurance (DPPVY2 MP 1/05)

Article 6. - Technical and fire regulations, energy usage regulations and directive for the use of temporary electrical installations

During the time of the Trade Fairs as well as during the assembly and dismantling works smoking and naked flame handling is prohibited in all of the indoor areas.

The Exhibitors are obliged to observe, during the assembly, in the entire course of the Trade Fairs and during the dismantling, generally binding law regulations of the Czech Republic, as well as technical standards for the above mentioned areas including work safety regulations and handling all technical equipment. Furthermore, the Exhibitors are obliged to observe appropriate fire regulations valid for individual exhibition areas and the instructions of the authorised members of the fire assistant service and of the ABF staff. Temporary electrical devices must be in accordance with the ČSN 341090 standard and must comply with all other electro-technical regulations in force. The electrical installation works can only be carried out by a firm duly authorised to do so, i.e. possessing the "Certificate of Competence according to the Law No. 174/1968 Coll., Art. 4(f) and Art 3(2) of the Czech Work Safety Authority (ČÚBP) and Czech Mining Authority (ČBÚ) Regulation No. 20/1979 Coll."

Article 7. - Basic preconditions for the erection of the stand

The erection of the Stand is offered and carried out by ABF. The Exhibitors who will not make any use of this offer and who prefer to ensure the erections of their stands by themselves or through their agencies are obliged to submit the ground plan and front view of the stand with the marking of dominant heights, as well as with the marking of power, water and sewerage system lines, for approval to ABF, not later than March 20, 2009. The Exhibitors are obliged to maintain the raster of the exhibition area, i.e. they may not exceed the designated area with anything from the ground plan point of view and the same applies to the dominant heights which are shifted out (Important! - the roofs of outdoor stands generally exceed their ground plan).

The Exhibitors are obliged to leave the exhibition area after the dismantling in the same conditions in which it was before the beginning of the assembly. Any destruction, exceeding pollution etc., will have to be paid for by the Exhibitor according to the real cost of the removal of damage (pollution).

Article 8 - Final provisions

All requirements and changes on the part of Exhibitors must be sent, subject to a previous Agreement with the organiser, to the Trade Fair Administration (ABF) in writing. All and any complaints on the part of Exhibitors towards ABF during the assembly and in the course of the Trade Fair shall be produced in writing to the Managing Director of the Trade Fair Administration (ABF) or to an authorised representative before the end of the exhibition, or during the dismantling works until they are completed.

Any other claims on the part of Exhibitors towards ABF can be applied for in writing within 2 weeks after the end of the Fairs. Any possible claims of the Exhibitors will cease to exist upon the expiration of 6 months after the end of the Fairs.

Article 9. - Closing date for applications and orders

The Binding Application, the Binding Order of Technical Services, the Order of Registration of Other Firms - Co-exhibitors and the Order of Additional Records into the Catalogue shall be sent to the address: ABF, a.s. Veletržní správa (Trade Fair Administration), Václavské nám. 29, 111 21 Praha 1 **by the deadlines stipulated in the Application Documentation.** We recommend that all correspondence be sent by registered mail.

FOR INDUSTRY

2

Application Form to be fill in through your computer can be found at: www.forindustry/order/**The registration fee includes**

Company name _____ Country _____

Address: Street _____ Town _____ Postal Code _____

Telephone (incl. prefix): _____ Fax (incl. prefix): _____

e-mail _____ Internet (www) _____

Characteristics of the displayed exhibits or of the offered services (max 240 characters):

Please, state the translation of the Catalogue text in English (if you have your own translation):

Nomenclatures (please state the codes of your fields of activity according to the nomenclature list)

FOR INDUSTRY

The above mentioned data will be published in the Catalogue of the Trade Fairs and in the information system exactly according to the information filled in by your firm. The name of the firm should be stated exactly in the same form as it is to be published in the Catalogue. The beginning letter must correspond to the letter by which the firm is to be sorted. The text is subject to formal corrections by the ABF Trade Fair Administration

We ask you to state at the record of our firm in the Catalogue of the Fairs the following contact addresses (without any other description) of our branches (divisions, business representations, etc.) and we undertake to pay a fee amounting to CZK 500 (+ VAT) for each address.

Number of other addresses in the Catalogue _____ (please, copy this form if the number is larger)

no. of sq. m _____ for CZK 20 per sq. m and day

Order of water supply and sewerage

(the price does not include the lease of a sink)

number of branches _____ CZK 5,600 each

pressure inlet of water to the exhibit

no. of lines _____ CZK 3,900 each

Stable water drainage for an exhibit

no. of lines _____ CZK 3,000

Compressed air inlet (6 bar) to 1 exposition

CZK 7,500

Branching of the compressed air from the exposition to other exhibits

Number of Y-branches _____ CZK 3,500

Assurance of a constant pressure on an individual branch _____ CZK 1,000

Please state:

- For each device connected
 - the lowest required pressure to the exposition inlet _____
 - voluminous quantity in m³ or litre/second, minute, hour on the exposition inlet _____
 - termination at the device (threading termination or fast-clamping system, etc.) _____
- In the case of standard connections of 6 bar inlets (DN 16 or DN 20).

We hereby declare that we have made ourselves familiar and agree without reservations with the ABF Technical Terms and Conditions of the Participation of Exhibitors at the FOR INDUSTRY 2009 Trade Fair, which form an integral part of the present Binding Application. We undertake to pay all of the advance invoices and the final invoice including VAT in due terms.

place, date _____

stamp, signature _____

Note: Without your stating the place, date, stamp and signature the application is not valid
All prices are stated as VAT exclusive

Article 1. - Time data

The Trade Fair will start on April 15, 2009 and end on April 17, 2009.

Assembly of exhibitions:	April 9-10, 2009	from 08:00	to 20:00 hrs
	April 14, 2009	from 08:00	to 22:00 hrs
Dismantling of exhibitions:	April 17, 2009	from 17:00	to 24:00 hrs
	April 18, 2009	from 08:00	to 16:00 hrs

For the public the Trade Fair

will be open as follows: April 15-17, 2009 from 09:00 to 17:00 hrs

The preparation of exhibitions with heavy, large and demanding exhibits shall be consulted on an individual basis.

Article 2. - Exhibition area

ABF leases:

- indoor exhibition area without equipment with the options of the inlet of power supply, water and sewerage lines, telephone, connection to the Internet and cleaning services on the basis of the Exhibitor's order. The minimum depth of the exhibitions is 3 m. In the case of ordering an assembled stand („Montistand“) for the outdoor area, the minimum exhibition area is 9 m².

Height of halls, load of floors

It is made possible for a limited number of exhibitions to erect double-floor stands as well as dominant heights. The effective height varies from 3.0 to 8.0 m depending on the location of the stand with regard to the longitudinal axis of the hall. Maximum height of an exhibit for transportation to the hall is 3 m. Maximum load bearing capacity of floors is 1500 kg/m².

Article 3. - Technical services

On the Exhibitor's order it is possible to provide the inlet of power supply, water and sewerage, telephone, Internet and cleaning services to all exhibitions in both indoor and outdoor areas. **The inlets of power supply, water, sewerage system, Internet and telephone lines are conducted from the floor channels whose location will be marked in the raster specifying the location of the Exhibitor's exposition.**

The advance invoice for the ordered services will be sent by ABF to the Exhibitors before the beginning of the exhibition and its settlement will be a necessary condition for the beginning of the assembly of the exposition. The final invoice, together with VAT and deduction of advance payments will only be sent by ABF to the Exhibitors after the finishing of the Trade Fair.

- Order of power supply

For the stands which are not ordered with ABF, the Exhibitors are obliged to have their own switchboard - it should be adapted to the 5-wire distribution system, or the voltage system TNS 3L + N + PE, 50 Hz, respectively. Single-phase connection of the exposition is carried out through a usual plug of 230V/16A - L + N + PE, three-phase consumers must be fitted with a recommended ball plug of 400V/32 A - 3L + N + PE. The connection of larger power inputs will be carried out upon an agreement with ABF. Electrical equipment of Exhibitors which is not fitted with separate operation N (neutral) and protecting PE (grounding) wires, or which is not fitted with a protecting wire, without its featuring double insulation, or the wires of which do not have appropriate cross section, will not be allowed for the reason of the protection of visitors from electric accidents and for fire reasons. It furthermore includes a lease of the corresponding part of the hall switchboard, power consumption and electric inspection for the time of the Fair. The actual inlet to the stand represents the installation of 1 or 2 sockets - 230 V (without distribution lines in the stands) or 1 socket for 400 V, possibly a combination of 230 and 400 V.

The power input to the stand required by Exhibitors must include a total of all power inputs of electrical appliances in the exposition, i.e. illumination, cooker, coffee machine, tea kettle heating unit, through-flow water heater, computer, television set, video recorder, exhibits, etc. For the purpose of a more exact order we provide the following examples: the illumination of a 9 m² stand about 0.5 kW, kitchen complete set about 3.5 kW, coffee machine about 0.8 - 1.2 kW, tea kettle heating unit about 2 kW, two hot-plate cooker about 2 kW. These power inputs are only for your orientation - it always depends on the particular electrical appliance which is connected.

The firm implementing the stand shall be liable for the inspection of the electrical installation. If the electrical installation does not comply with the requirements, it will not be connected, to the prejudice of the Exhibitor.

CAUTION! In the case you intend to use a refrigerator in your stand, we recommend to order the refrigerator circuit separately, as it will not be turned off overnight. The price does not include the power input of electrical energy. This power input must be included in the electrical power input order.

- Order of water and sewerage

The connection of the sink, i.e. of an ordinary battery to the closing valve and of an ordinary siphon outlet with a 5/4" hose is included in the price of the "water inlet and sewerage". **The lease of the sink is not included in the price of water inlet and sewerage.** If you want to make a wider use of the plumber's service exceeding the connection of the sink, you will be charged CZK 360 per hour (each hour started is taken into consideration) and you will pay for this service at the cash desk of the Trade Fair Administration.

- **Daily cleaning** includes vacuum cleaning of the Exhibitor's stand carpet once a day and evacuation of the waste basket after the end of the exhibition day, i.e. in the evening hours, or on the basis of a special instruction issued by the Exhibitor also in morning hours before the opening of the exhibition. Any additional requirements going beyond the above outlined framework will be charged on a separate basis to the Exhibitors.

- Connection to the INTERNET network

Connection to the INTERNET is implemented through a connection line to the local network "ETHERNET 10/100MB". The Exhibitor's PC must be equipped with the ETHERNET 10/100MB network card with a possibility of the RJ-45 connector connection. For the connection into the network it is necessary to set the acquisition of an IP address from the DHCP server. The allocation of fixed addresses is possible in exceptional cases for an additional fee and subject to a previous inspection by a technician of ABF. The Exhibitor will not pay any other telecommunication fees.

The Exhibitor is responsible for protection of the connected equipment from viruses, spyware, adware and other harmful programs. In the case of infection of the Exhibitor's equipment connected, the organiser is authorised to disconnect the connection line without any compensation until the harmful programmes are removed.

Other services

ABF will ensure, free of charge, working illumination, fire and health services, the Trade Fair Protocol, for consideration it will provide for ordinary cleaning of exhibitions, flower services, dispatching and customs services, health service, insurance service, postal service, telephone and fax centre for the Exhibitors, press centre service, business centre, hostesses and interpreters, advertising and photograph services, production of graphic materials, arrangement services, accommodation and catering facilities.

Article 4. - Erection of stand

ABF will ensure the erection of the stand in both indoor and outdoor areas on the basis of a separate order distributed by ABF together with the raster of the exhibition areas.

a) There will be type stands in the OCTANORM system available for the indoor area, their dimensions are: 3x3, 3x4, 3x5, 3x6, 4x4, 4x5, 4x6, and 5x5 metres. These stands contain:

- external walls of white panels and partition walls of small storage rooms
- ceiling raster
- carpet - grey
- collar for the exposition identification - height 30 cm (according to the length of the front side)
- For a 9 m² stand, small storage room 1 x 1 m with shelf and door

- from 12 m² small storage room 1 x 2 m with shelf and door
- from 18 m² small storage room 2 x 2 m with shelf and door
- 1 ceiling lighting fitting in the storage room (without power supply inlet)
- 2 to 6 point lighting fittings according to the size of stand (without power supply inlet)
- 2 electrical sockets 230 V (without power supply inlet)

- **IMPORTANT! Consumption of power supply for the type stands must be ordered separately**

It will be possible to order the additional furnishing with movable items of the type stands.

b) Furthermore ABF offers the erection of individually designed stands for the indoor area according to special requirements of the Exhibitor including their furnishing with movable items.

Article 5. - Technical and operating preconditions

- The architectural realisation and the operation of the exposition must not disturb or limit other exhibitions.

- The outline of the exhibition stands must not exceed the outline of the exhibition area leased by the Exhibitor, which applies also to the space above the ceiling structure of the stand as well.

- Possible overhang of the collar or eye-catcher of the stand to the path is allowed on the basis of a preliminary approval given by ABF, if the minimum height of the bottom edge is 3 m, and it will be subject to the payment of CZK 1,000 for each m² of its projection into the ground plan (including a fractional part of m²).

- Except for handling trucks entry into the exhibition areas is prohibited for any means of transport and cars of the Exhibitors. If the floor of the hall is damaged, the Exhibitor is obliged to reimburse the damages to the full amount.

- **Smoking and naked flame handling is strictly prohibited** in all of the indoor exhibition areas, any breach of this ban will result in a fine paid on site.

- No electrical appliances may be left in operation without any control. When leaving the place, the appliances must be disconnected from the mains.

- **It is not allowed to hang** any eye-catchers and flags of the Exhibitors, on the structure of the halls with the exception of the cases pre-discussed with ABF and subject to a firm payment of CZK 5,000.

- **During the assembly it is forbidden to cut and grind any building elements, which causes excessive pollution and dust (plasterboard, tile materials, fibreboard and other similar materials).**

- The stand must not touch the structure, walls and roof of the exhibition halls with any of its parts. The distance between the highest point of the stand and the hall roof must be at least 70 cm.

- Technologies of carpet adhesives in exhibition halls

For the laying of carpets into exhibitions in halls no. 1 and 7 it is necessary to adhere to the following procedure: **First glue a masking - paper tape onto the concrete floor, and then an arbitrary two-side carpet tape.** It is possible to buy the masking tape directly in the Exhibition Centre. The Exhibitor is obliged to hand over the exhibition area by the closing deadline of the dismantling work as absolutely empty and clean - in the condition in which it has been taken over. In the case of damage and contamination of the exhibition area, the Exhibitor is obliged to settle the damage incurred in full amount.

- It is forbidden to discharge the remains of paints and other toxic substances which could pollute or otherwise endanger the environment into the sewerage, sinks and basins. The Exhibitors or the firms authorised by the Exhibitors are obliged to take these substances away and ensure their disposal on their own expenses.

- Storage of any materials in technical corridors (in particular behind the rear wall of the stand) is unacceptable for fire, safety and operational reasons. The storage of the packages, including their removal and return delivery to the stand can be ordered from the contractual forwarding service of ABF.

- **During the Fair it is permitted to perform audio-visual, acoustic, musical, dancing and other productions for the time not exceeding 8 minutes once an hour, and only provided that the other Exhibitors will not be disturbed by the operation of these facilities. If this condition is breached, the Exhibitor will have to pay a fine amounting to CZK 5,000 and in the case of repeated breach it will be forbidden for the breaching Exhibitor to operate all such productions. Any fees during the operation of music production at stands or during other presentations shall be ensured directly by the Exhibitors.**

- The exhibits which will be presented in the operation can only be serviced by the persons authorised thereto. The exhibits to be presented must be secured by the Exhibitor in such a way that no third party could handle them wilfully.

- **Except for the prescribed working business hours of the Fair and permitted time interval for the supplying of the stands it is forbidden to stay in the exhibition areas. Please, respect for this reason the instructions of the Security Service and of the ABF staff.**

- Those Exhibitors who ensure the erection of the stand with their own means, or through the mediation of an advertising or realisation agency are obliged to hand, by the deadline of disassembly works, over the leased exhibition area fully empty and in the conditions in which it was taken over, i.e. also the floor covering (carpets, PVC) must be removed as well as the sticking carpet tapes, such a removal being carried out at the expenses of the Exhibitors. Should the exhibition area be damaged (by boring, cutting, breaking, excessive polluting, etc.), the Exhibitor will be obliged to reimburse the damages in full.

- **Exhibitor (or the company authorised by the Exhibitor) cannot disassemble the exhibition before the ending of the event.**

- If the deadline for the clearing of the exhibition area fails to be observed, a penalty amounting to CZK 5,000 per m² of the non-cleared area will be charged. In the necessary case the exposition will be cleared by ABF at the expense of the Exhibitor. The risks associated with the clearing shall be borne by the Exhibitor.

- The placement of billboards, eye-catchers, banners as well as the distribution of printed and other materials out of the Exhibitor's exposition is permitted only for consideration after prior negotiations with the ABF Trade Fair Administration and subject to the latter's approval.

- Any changes relating to the Order of Technical Services, construction and equipment of stands required by the Exhibitor additionally after the term of commencement of the assembly will only be managed after the fulfilment of the properly ordered work and services towards the other Exhibitors. These additional orders of work and services can be charged by ABF with a surcharge amounting to as much as 100% of the price calculated. The payment shall be made by the Exhibitor in cash on site.

Article 6. - Handing over of the backgrounds for the realisation of technical connections and stands

The Exhibitors who order the erection of the stand with ABF will send their orders within the term provided for in the Order Catalogue of Services which they receive together with the raster of the exhibition area. The Exhibitors who ensure the erection of the stand on their own or through an advertising or realisation agency will send to ABF by **March 20, 2009 the binding design of the stand for approval** (in the front view and ground plan) where all possible dominant heights and eye-catchers, including the stand orientation within the framework of the ordered area will be drawn by means of the **location dimensioning of the inlets of power supply, water and sewerage.** In the case that the Exhibitors fail to send appropriate backgrounds within the requested deadlines to ABF, they will expose themselves to the danger of possible difficulties during the implementation of the stands and possibly to additional costs connected with the displacement of the inlets of power supply, water and sewerage.

FOR INDUSTRY

Application Form to be fill in through your computer can be found at: www.forindustry/order/

Company name: _____ Stand no. _____

We bindingly order the basic construction of the individually designed stand featuring the dimensions of ____ m x ____ m according to the sketch. The basic construction includes: 2-3 external walls, ceiling raster system, collar of a height of 30 cm on the front side - **possibility of an individual order of a text to forindustry@abf.cz**

The price of the basic construction is **CZK 800/m²**.

We order the following items of the modular system, beyond the extent of the basic construction:, see page 4a.

If you require equipment with furniture, please fill in the Order Form (see page 4a). All prices are stated as VAT exclusive).

_____ place, date

_____ stamp, signature of the statutory representative

Sketch of the ground plan of your stand

Please draw your idea of the stand layout into this raster system. For illustration of positions of individual building elements and equipment it is possible to use, on an orientation basis, the graphic marks stated in the bottom part of this page.

Company name: _____ Stand no. _____

Qty	Item	Orientation dimensions	CZK/unit
	Wall panel, white	50 x 250 cm/ stand external wall	220
	Wall panel, white	100 x 250 cm/ stand external wall	250
	Wall glass	100 x 250 cm	430
	Self-standing panel	100 x 250 cm (with a 100x50x50 stand and a collar)	950
	Lower ceiling, grid type	1 m ²	300
	Lower ceiling, textile	1 m ²	70

FOR INDUSTRY

5a

The type stands include:

- External walls made of white panels and partition walls of storage areas
- ceiling raster system
- carpet - grey
- collar for the exposition identification - on the front side -height of 30 cm - possibility of an individual order of a text at forindustry@abf.cz
- 2-6 point lighting fittings (without any power supply inlet) according to the stand size
- 2 power sockets for 230 V (without any power supply inlet)
- in the case of a stand of 9 m², there will be a storage area of 1 x 1 m with a shelf and a door
- from 12 m², there will be a storage area of 1 x 2 m with a shelf, a door and 1 ceiling lighting fitting (without any power supply inlet)
- from 18 m², there will be a storage area of 2 x 2 m with a shelf, a door and 1 ceiling lighting fitting (without any power supply inlet)

● Price of the stand does not include movable equipment.
